

# STATE PUTATIVE FATHER REGISTRIES

The following information offers the results completed by the Research Division of the Office of Legislative Services to identify the individual in each state who is responsible for maintaining the state registry as of December 2003. The Administrative Judge of Probate Office followed up and completed the information, which includes confirmation that some states do not have a registry. Also, please be aware that some states charge a fee, require that the form be notarized and some states require you to fill out their form.
